PROJECTS

## PROJECTS WE LOVE!

Qualsiasi cosa facciamo, è fatta mano.

Questo ci permette una estrema flessibilità nella produzione di tappeti su misura sia per il contract residenziale, pubblico ed hospitality. I nostri cataloghi indoor, outdoor ed equipment offrono ad architetti, contractors, designer d'interni un'ampia scelta di soluzioni, sulle quali è possibile sviluppare varianti di colore, dimensionali e texture.

Per ogni singolo progetto, il nostro lavoro con i professionisti si basa su una reciproca collaborazione e la ricerca di nuovi pattern, tessiture e filati.

*Whatever we do, it's done by hand.*

*This allows us an extreme flexibility in the production of bespoke carpets for residential, public and hospitality contract. Our indoor, outdoor and equipment catalogs offer architects, contractors, interior designers a wide range of solutions, on which it is possible to develop color, dimensional and texture variations.*

*For each individual project, our work with professionals is based on mutual collaboration and the search for new patterns, textures and yarns.*
